

PIED PIPERS WIN AGAIN AT ROTAN

Hamlin's Pipers keep "tuning up" and the last tune was over on the Rotan Yellow Hammers' field (we say "Yellow Hammer"—that's their name, isn't it?) last Friday night, and what a nice win, 13 to 0 for the Pipers.

Not everybody in Hamlin knew about the game, but it would seem that every one who did, get in on the "where and who" were in Rotan to be entertained.

The way a community backs up a sports team, is generally the way that team performs. . . . and Hamlin folks are out to back up the PIPERS again and it looks as if the Pipers are going to show some real stuff again this season.

Hamlin people have been "spoiled" by having such a nice stadium in which to enjoy a foot ball game, and they realized the contrast when they reached Rotan last Friday night. But let's not hold that against Rotan, for Rotan has some things that Hamlin can not brag about; for example, a beautiful swimming pool and a dandy up-to-the-minute hospital. Chew that for awhile folks while complaining about where you stood last Friday night while the Pipers out played the Rotaners. The Herald reporter says that the Rotan field was well lighted, but those folks forgot to arrange a place for visitors. Another thing, somebody laid out the Rotan field "anny-godding" and the fellow who laid out the yard lines did so with a lawn mower so crooked a dog could hardly walk them. Of course all this about Rotan is in fun for as a matter of fact, Rotan and Hamlin are on the best of friendly terms, and a little joking must be had once in a while.

Nobody gets any fun out of being beaten in a game and nobody expects to win all the time.

A new star appeared in the Rotan game. . . . Nolan Haines, who got in the last yard before the gun sounded, and Dean Witt caught the pass for the final marker.

NOTICE THE SCHEDULE

You will see that Hamlin plays her first conference game this Friday night, at Rule. The Bobcats are he cats and will likely give the Pipers a tough scratching, and as in the Rotan game, Hamlin fans will be there rooting for all that their vocalizations will permit. Again notice the schedule, and maybe you can plan to get in on some of the Pipers' plays this season.

WHO SAID SO?

Somebody calls the Herald's attention to the advance dope put out in an Abilene paper, giving Hamlin's Pipers bottom position in this season's conference contests. Who said so? Pipers, by heck, show those moon-eyed guessing flabbys a thing or two, and set 'em down on the clown's seat by topping the list as FIRST. Such advance dope is not quite fair to any team, but this is a free country, and one has a right to guess, and publish that guess, so hop to it, sports writer, if you are one. Why guess when the season has not started?

CANADA AT WAR

Care is being taken to insure that army enlistment does not rob war industries of key workers. In his address of September 14, the Minister of National Defense said, "This is what the Army says to the young man who is concerned about what his duty is: You volunteer for service. If you are accepted and if you are in a war industry we will notify your employer, and the decision as to whether you are essential will be left to an independent board appointed by the Department of National War Services. If that board recommends that you should stay at your job, the Army will give you leave for whatever time the Board thinks necessary. That gives assurance to war industry and a clear conscience to the man himself. Many employers have planned replacements and rearrangements so that men who are eligible can be gradually released to enable them to join the fighting forces."

The youth of Canadian farms, like the young men of the cities, are being called upon to serve.

"Today thousands upon thousands of young Canadians born and raised upon farms are marching in Canada and in Britain, sailing the seas in Canadian and British ships, and flying the air over Canada, the Atlantic, Britain and Europe." And he went on, "If we are required to muster a million men for our armed forces, we must still have seven million people left in Canada over sixteen years of age. These seven million, properly organized and determined to stand behind the armed forces, can operate all our farms, our factories, and places of business, in a manner which will give us the production required."

Canada's manufacturing plant has now been expanded and geared for war production on an unprecedented scale, and the major war problem of the present is to supply factories fast enough with the material and labor they need.

CHURCH OF CHRIST

Come to hear Paul C. Witt tonight, Saturday, and Sunday. Afternoon services are being held at 4:15 each afternoon. You are welcome at the Church of Christ.

Minister, Luther G. Savage

Mr. and Mrs. John O. Lewis and children of Cement, Oklahoma, came two weeks ago to make their home at the Plasterco City. Mr. Lewis takes the place of Ted Armstrong who moved recently to California. The family has two children, Miss Charlotte and John Lewis IV. Miss Charlotte is a Junior in the High school.

The Government cotton report as of September 1, shows that Texas had ginned 118,087 bales as compared with 438,527 bales same date in 1940.

James Tate May left last week for Waco to begin his freshman year in Baylor University.

Don Cherry Leaves for Aeronautical School

The Herald likes to keep up with Hamlin's "children," and Don Cherry is a native son, but lives in Slaton. It would seem from the Slaton Slatonite that Don has recently been playing around that office. But now he is air-minded down at A. & M. Here is a clipping:

"Things have quieted down a lot around the Slatonite office since Don Cherry left for A. & M. College and the floor is a lot cleaner. Don has gone down to A. & M. and is on his way to becoming an aeronautical engineer. If he puts as much enthusiasm into doing what aeronautical engineers are supposed to do, as he did in working for me, old Hitler need not be surprised at anything that might come flying over Germany."

"Don always came down to work with arms flaying the wind, eyes snapping and without a pencil, notebook or an idea as to where he had left anything the day before. He lunged office equipment all over the place and ducked out to sell advertising with more enthusiasm than any one I have ever known. The airplanes Don designs may have a wing or two missing but they'll be different, to say the least."

METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School, 9:45 A. M.
Morning Worship Service, 10:50.
Intermediates and Senior Young People meet at 6:45 P. M.
Evening Service at 7:30 o'clock.
Woman's Society of Christian Service, Monday afternoon at 3:00 o'clock.

Choir Practice Tuesday night at 7:30.
Mid-Week Service Wednesday night at 7:30.

The pastor will preach Sunday morning and Sunday night. A mixed quartet will render special music Sunday morning.

Sunday is Promotion Day in the Sunday School, and children, Intermediates and Young People will be promoted in all classes and the Departments.

Go to Church and Sunday School Sunday.
Visitors are welcome.

Mrs. Alice Byford of Waco, sister of W. D. Cooper, sent Mr. and Mrs. Cooper a sample of "Waco fruit" . . . the kind that the O'possum likes so well—the old fashioned persimmons. Frost has not come to Texas yet but the "simmons" were ripe anyway. Mr. Cooper, well aware of the fact that Ye Editor, in the old days, pulled persimmons and 'possums from the bushes in East Texas, brought the Herald force a few to nibble on. Thank you, "Duff".

Mrs. Anna Bell Sills, primary teacher at Plasterco, and her daughter, Mary Jo, a student in the Hamlin High school, have rooms in the Byrd Apartments this year. Rooms at Plasterco are scarce this fall, owing to the great amount of work going on at the mills.

J. C. Cox of Anson, has accepted a place in the Terrell Food Store. Mrs. Cox was here Thursday trying to locate a house.

Jesse Bill Sauls, age 18, was operated on for appendicitis at the Stamford hospital on Thursday of last week. He is doing fine, they say.

Mrs. Glenn Morrison and children, Bettie Lou, Janie Sue, Patty and son Glenn of Ballinger, came up Saturday to visit parents and grand parents, Mr. and Mrs. John Hudson.

Clem Ball Jr., a new student in John Tarleton College, came up Saturday to see his parents. Clem was in his bright new military uniform and from all indications he is pleased with his school, only a bit homesick.

Mr. and Mrs. Dennis M. Jones and son Eddie Ray of Littlefield were guests of Mr. and Mrs. L. H. McBride Sunday.

Hamlin Community Doing Much Towards the British War Relief

BOYD CHAPEL CHIRPS

(By Mrs. Albert Haught)

Rev. Cecil Ottinger filled his regular appointment at the Methodist church Sunday.

John Edd Killen, of Rotan, spent last week end in the home of Mr. and Mrs. Albert Haught.

On Tuesday afternoon of last week, Mrs. James Ferguson and Mrs. Earl Brown were joint hostesses at the Baptist church when a bridal shower was given for Mrs. Floyd Shaver of Seymour. Mrs. Shaver is the former Miss Robbie Cornelius, daughter of Mr. and Mrs. J. P. Cornelius.

Wednesday afternoon of last week, Mrs. Earl Brown and Mrs. Charley Bingham entertained at the Methodist church with a birthday party honoring Mrs. Kerr Whittenburg on her 50th birthday.

Mrs. Marie Hudson and her mother-in-law spent part of last week here visiting Mrs. C. D. Bingham and Mrs. Kerr Whittenburg.

Mr. and Mrs. D. L. Estes and Nelda spent last week with Mr. and Mrs. H. V. Burkett and family of Post.

Mr. and Mrs. Harry Burkett and boys of Post spent the week end with her parents, Mr. and Mrs. O. C. Estes.

Mr. and Mrs. Tom Hill of the Hiltson community, spent Sunday with Mr. and Mrs. M. L. Haught.

Mr. and Mrs. E. E. Wheeler, M. C. Wheeler, and L. F. Cozzzen, of Tulsa, visited in the home of Mr. and Mrs. A. F. Haught on Thursday of last week. They were returning home from Houston after attending the funeral of a sister, Mrs. Rhoda Hartman.

BAPTIST CHURCH

Sunday is Laymen's Day in our church. Closing the month designated as Loyalty Month, we are hoping to have at least 100 men in the morning service. Many men are being contacted this week, and we are looking for a great day. As Sunday is also Promotion Day in the Sunday School, we should have a record attendance. For three Sundays now we have reached the 300 mark.

Remember our new hour for meeting in the evening services. Training Union begins at 6:30 and Evening Worship begins at 7:30. We want to place more stress on these services. Prayer meeting also begins now at 7:45.

H. E. East, Pastor

Singing Convention Meets Sunday

Anson, Sept. 23—The North Side Singing Convention of Jones Co. will meet in Anson at the First Baptist church, Sunday, September 28, at 1:30 P. M. A large number of out of town quartets and singers are expected to attend.

SHIPP'S SERVICE STATION

About two months or more ago, Mrs. Percy Jones, of Abilene, a member of the Abilene Chapter, British War Relief, was in Hamlin, looking for somebody to take the lead in this community to work for British relief here. By some means Mrs. Jones located just the right one for this kind of work, Mrs. Frank Waggoner.

Mrs. Waggoner, as Chairman of this work, soon had not only a large number of women in Hamlin serving on various committees necessary for the work, but had the cooperation of all the nearby community women and clubs.

THIRTY-NINE QUILTS

Quilting bees were going in several places during the summer and when the count was made, 39 good warm nice quilts had been made ready, and in addition to the quilts, more than \$70.00 in cash has been turned in to the Abilene Chapter for Britain.

Money was secured by selling emblems, old papers, and by direct donations. \$54 from emblems, \$12 in donations and \$8.50 from old papers and magazines.

Those assisting as leaders in the various enterprises, included Mrs. John D. Ferguson, who served as chairman with the Boy Scouts work in gathering papers, under the direction of R. H. McCurdy, manager of the compress. 2,800 pounds of materials was gathered.

Mrs. E. M. Wilson's Book Shop served as headquarters for the assembly of quilts and other materials.

Three of Hamlin's churches, the Church of Christ, Methodist and Baptist were used for quiltings, and in addition four homes, that of Miss Lennie Greenway, Miss Eleanor Temple, Mrs. J. E. Moody, and Mrs. Waggoner's were opened to quilting parties, and perhaps other homes. Mrs. Moody was quilt chairman.

The Wise Chapel school became a quilting center and that community, under the leadership of Mrs. Johnnie Agnew, with the help of about thirty women, made and quilted eight of the 39 quilts.

In Hamlin, not only did women do work for Britain, but the girls too. One group of girls under 12 years of age, made two quilt tops and linings. The leaders in this

group were Elizabeth Butcher and Dora Joyce Culbertson.

Then there was a bunch of boosters and workers, the Sub-Deb Club, which is sponsored by Mrs. Frank Waggoner, and directed by Mrs. Landon Davis, with Mary Marguerite Nobles as chairman, did some effective work.

Mrs. Waggoner desires to thank each and everyone who in the least way made Hamlin's contribution so creditable for British Relief, and especially shall we mention the help of transportation of goods to Abilene, by Mrs. Fay Young Morton, and Homer Kruger and his truck of the Y-C Ranch. Mrs. Ross Fomby also assisted in carrying material in her car to Abilene.

It is not practical to mention every name represented in this noble work, but it is appropriate to tell you that knitting by the hands of Mrs. D. M. Harris of Wise Chapel, Mrs. W. J. McGee and Mrs. Frieda Schoemann of Hamlin, resulted in warm garments for some poor little English children this winter. Here is wishing that every community in America would do an equal share for our distressed kinsmen across the Atlantic Ocean.

What Number Do You Have On Your License?

Austin—Nearly half the people in Texas will start a stampede for new drivers licenses October 1.

There's really no need to get in a hurry about it, State Police Director Homer Garrison explained today. From October 1 until December 31, old licenses numbered from 1 to 450,000 will be renewed.

From January 1, 1942, until Mar. 31, those numbered from 450,001 to 900,000 will be renewed.

Those numbered from 900,001 to 1,350,000 will be renewed between April 1 and June 30.

Any license numbered from 1,350,000 upward will be renewed between July 1 and November 1.

Here's the procedure for getting your new license:

Obtain an application form from any Highway Patrolman or Drivers License Examiner, or by writing directly to the Department of Public Safety in Austin. The form also will be available from police and sheriff departments, banks, and other public places.

Either print in ink or use a typewriter to fill out the application, enclose a 50-cent money order or cashier's check with it, and mail it directly to the Department of Public Safety, Austin. The new license, good for two years, will be mailed to you from Austin.

Persons renewing licenses will not have to take an examination unless they have a bad record of traffic violations or collisions.

But if you fail to renew your license in the stipulated time, you will be liable both to arrest for driving without a license and an examination.

Editorial Suggestion: Go right now and look up your Drivers License number. Also clip out the above—it might save you trouble.

Mr. and Mrs. Denman Morgan and little daughter, Geraldene of Lubbock, were here Sunday to visit their parents, Mr. and Mrs. J. P. Morgan.

THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

An Editor Writes—

"It is reported that one of the fastidious newly-married ladies of the town kneads bread with her gloves on. This incident may be somewhat peculiar, but there are others. The editor of this paper needs bread with his shoes on; he needs bread with his pants on, and unless some of the delinquent subscribers of this old rag of freedom pony up before long, he will need bread without a thing on, and this town is no Garden of Eden."

The above is from Boyce House, the fellow who writes "I Give You Texas."

Now Boyce, this kind of stuff has done more to lower the dignity of the small town press than any other thing.

To keep on nagging about delinquent subscribers is not doing the paper or the would-be readers any good. To be calling your paper "this old rag of freedom", and further leaving the impression that the publisher and his family are on the point of starvation, and stuff like that is punk.

Why not refer to the business of publishing a weekly newspaper on a dignified business basis? When a subscriber has plunked down his dollar or whatever the price may be, he buys just so much paper, like he does sugar or sox. When the time paid for is gone, it is like anything else, it is gone, and to have delinquent subscribers is just as punk in the publishing business as it is to be expecting the sugar or sox to keep on lasting.

—T & T—

As the Month Ends—

It is well for all Americans to meditate on the state of humanity, as this prosperous September of 1941 comes to an end. And meditation is impossible to go far till one's mind runs jam up against the sadness of war that is raging in different lands.

It is hard for any one to realize what a carnage of death is now raging in or on several world fronts, where millions of suffering humans are facing death every minute. Poor old China has now for more than FOUR years been pounded to bits by a foe, whose purpose is purely to rob and take from a helpless people, and we Americans can hardly realize that big battles are still taking their toll there every day, as well as in and around Russia's Leningrad, and other big centers where millions have been making their homes. Yes, it is hard for happy, prosperous, peaceful Americans to realize what is going on. And

TEXAS Almanac

EACH

it is still harder to contemplate that such a fate could come to this land.

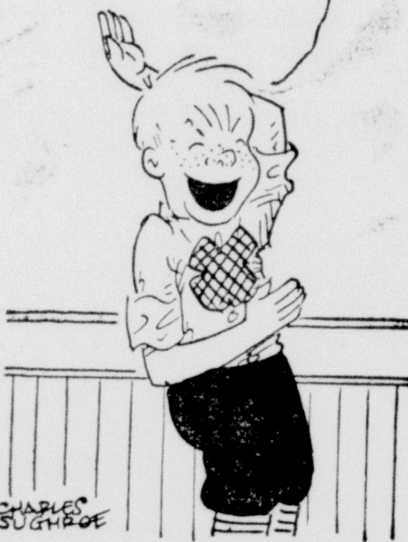

America moves slowly, but surely. America could not speak up quickly enough to assure France more than a year ago, that America would never stand by and see a great free republic like France fall into the hands of such an "order" as that cooked up by Germany. American people must see the way through before America steps so deeply. Today America is seeing. She is realizing more and more every day now, that if this nation does not tell England that America will see HER through, England might do like France, give up rather than to starve.

Senator McKellar, of patriotic old Tennessee, has this very Thursday of September, 1941, introduced a bill that will restore America's rights to the seas, and tells Hitler and everybody "we are not going to 'pussy-foot' with such disaster any longer." And then England will live, France will be revived, and all other nations will get a new hold on life, and our own dear nation will feel a new day for herself. Yes, the "Neutrality Law," which kept our ships off the seas, must be repealed.

Remedy Given For Spotted Lawns

Lubbock—Spotted lawns now plaguing Texas homeowners are not caused by too much or too little water, but by multitudinous white grubs eating at the grass roots, Prof. O. B. Howell of the plant industry department at Texas Technological College explains. White grub worms are troublesome every year, most severe injury comes in three-year cycles. Damage similar to that now being caused was done in 1938 and may be expected again in 1944, he says.

Reasons for this phenomenon are several. The white grub is the larva of the June beetle or phyloghaga rugosa, which remains two years in larva form before emerging as the familiarly known 'June bug' usually thought harmless. These beetles lay their eggs in richly humus grass areas, hence yards which are richly fertilized are most likely to be affected. They prefer crops of the grass family and legumes; not only lawns, but fields of corn, cereals, strawberries, alfalfa, soybeans and clover are favorite breeding places.

Farmers may rid their fields of this pest by frequent cultivation during the months of April, May and June when the beetles lay their eggs, Professor Howell explains. Three possible means of ridding grass lawns of the larvae are suggested:

A new lawn may be made insect proof by mixing lead or calcium arsenate with the top three inches of soil, at the rate of 35 pounds to every 1,000 square feet before sodding. An older yard which develops brown spots, however, is treated by sprinkling lead or calcium arsenate over the grass at the rate of 5 to 15 pounds of the poison per 1,000 square feet.

"In a windy country, it is wise to water the grass after spreading the chemical over the grass to prevent blowing," Howell said.

If these methods fail, a spray of lead arsenate may be used, the proportions being one or two pounds to each 20 gallons of water per 1,000 square feet of lawn.

Carbon disulfide, or 'high-life', may also be used in a solution of one to three quarts in 50-gallons of water. This is poured into the soil until it penetrates to a depth of two to six inches. Cost is approximately \$23 per 1,000 square feet and it will kill all insects in the area.

He warns against excessive application of any of these treatments, which might kill vegetation as well as insect life.

All Trucks and Buses To Be Checked On

According to C. E. Adams, vice-director and State Agent of the Extension Service, each truck or bus owner will receive shortly by mail a questionnaire card (one for each vehicle) from the Federal Works agency which information is to be used by the National Defense advisory Commission in its recognition of the importance of truck and bus transportation in the present emergency.

Its purpose is to set up detailed central and regional registers of all trucks, buses, and freight trailers in the country, similar to the records already available on railroads, water shipping, and aviation.

The information will be used in developing plans for the more effective use of highway transportation in the assembly of defense-industry materials, delivery of military and civilian supplies, relief of dock and terminal congestion, and movement of passenger traffic in emergencies.

All owners of trucks are urged to return the questionnaire promptly.

ASSEMBLY OF GOD

Sunday School 10:00 A. M.
Church Service, 11:00 A. M.
Sunday night service, 7:30 P. M.
Thursday night regular service at 7:30 P. M.
Saturday night Christ Ambassadors, 7:30.

Come out to these services and you will enjoy the blessings of the Lord. The young people put on a real program each Saturday night. One and all invited to attend each. A hearty welcome to all.

GREETINGS!

FROM OUR SUPERINTENDENT:

To the Students of the Hamlin Public Schools:
 I know that you regret in a way the ending of your summer vacation. Yet, there are many joys to the opening of school . . . a quickening of life seems to occur for new opportunities and pleasures are now yours. You are in the swing of classes with all the other activities that go along with school life in full sway.
 It is my wish for you that as students from the first grade thru the twelfth that this will be the happiest year of your school life up to now. I hope it will be the fullest in so far as realized ambitions are concerned. I hope it will be the most successful so far as character is concerned. Finally, I hope that every activity of the school year will serve as means for your development that you may be trained to render a greater service to humanity in the field of your chosen work.
 May we, as teachers, parents and pupils, all work to this end.
 G. R. BENNETT, Supt.

FROM OUR PRINCIPAL:

After three months of vacation I am glad to welcome every one again. We have almost all of our old students back, and in our register of students we find a great many new ones, which we heartily welcome.
 Here at the beginning of the year let me pause to urge every student to keep Hamlin High school foremost in his mind and heart — its traditions, its opportunities and its honor. Besides daily lessons there are many extra curricular activities in which each of you may participate. These activities not only help the individual, but also help uphold the standing of the school.
 Our outlook is promising this year in every way. My wish is that this year will go marked down in the annals of our High school as the best so far in every way . . . the best for the school, the best for the students, and the best for the teachers. With the full co-operation of the student body and the faculty that we are now receiving

I feel quite confident that we have not set our goal too high, nor will it be too difficult to attain.
 HUBERT MORTON, Principal

School Work Begins

By W. D. Bristow

After three months of vacation from school, we are back and at it again. Some are glad, and some are not. Whatever the general opinion, our 1941-1942 school year seems off to a good start and promises some real results. Regular lessons started Monday, September 8, after registration was over, and the ball really started rolling. After three weeks of brushing up on what we had forgotten this summer, we are ready to get down to brass tacks.

We are sorry to lose some of our last year's teachers, but the new ones are filling their places very capably. Judging from the work that has been done so far, our scholastic rating should rank high this year. Sometimes we become weary with the drudgery of school and can not see the bright side of it, however, after all, school is like any other kind of work—we get out of it what we put into it. Students this year seem aware of this fact, and our guess is that next May the results will tally large because of the students' efforts.

Cheer Leaders Chosen

Due to the fact that last year's pep squad was short in numbers, the student body of Hamlin High school has voted to adopt a new plan for this year's cheering of our football games. Instead of leaving the yelling up to the small per cent of students that would make up a pep squad, the student body will act as a cheering section. The students have one head yell leader and four assistants, one of the assistants from each class.

By Australian ballot the entire student body elected Billy Dillard as head yell leader, Mary Nell Bell as senior assistant, Frances Ubben junior assistant; Buck Joiner, sophomore assistant, and Thelma Carlton, freshman assistant.

The purpose of this plan is to include all of the students in the sup-

port of the Pipers eleven. From evidence given at the Lueders and Rotan game, this new plan might well be pronounced a success and a very definite improvement over last year's backing of the team.

Band Adds To Instrumentation

Hamlin High school's band, directed by Mr. Clyde Smith, added two instruments to its organization this year. One is a new double B flat bass horn, and the other is an E flat sousaphone. The band already had the sousaphone, but had sent it off for repairs. Since the new double B flat bass horn had to come from Cleveland, it arrived here late for the beginning of school; however, Billy Jack Armstrong is doing a good job of playing it so far. He is a transfer from the cornet section of the band. The sousaphone is being played by Billy Jack Miles.

These two instruments add much to the appearance and playing quality of the band. The whole High school appreciates these very much.

Classes Elect Sponsors

Friday, September 10, the classes met and elected sponsors for the school year, 1941-42. The seniors chose Miss Emma John Blake as sponsor and Mr. Clyde Smith as co-sponsor. The junior class elected Miss Loucille Willis sponsor, to be assisted by Mr. Grigg as co-sponsor. Sophomore's choice was Miss Avelene Murphree for sponsor and Mr. Campbell as her assistant. Miss Camille Smyers was chosen as sponsor of the freshman class with Mr. Archer as co-sponsor.

The classes are expecting an exciting school term with the co-operation of the students and the sponsors. Class organization will be put into effect and officers chosen some time soon.

Pipers Win 13 to 0 Over Rotan Eleven

After being held scoreless in the first half, Hamlin High school's Pied Pipers rolled up 13 points in the last half of the game to defeat Rotan's than the Yellowhammers. The only game at Rotan Friday, September 19. S. C. Ferguson carried the ball over from the one yard line for the first touchdown. Dean Witt received a pass for the second.

The Pipers gained more yardage than the Yellowhammers. The only serious threat from Rotan came in the first period when they drove inside the Hamlin 20.

The Pipers meet Rule in their first conference game Friday night, September 25, at Rule.

Hamlin F F A Organizes

The Hamlin FFA chapter officers for the year 1941-42 are as follows: Armen LeFever, President. Everett Ellison, Vice-President. W. T. Jonson, Secretary. J. C. Hodnett, Treasurer. Gilbert Bowman, Reporter. J. C. Riddle, Parliamentarian. Clifford Carr, Historian. Dean Witt, Farm Watch Dog. Carl Bailey, Song Leader. Delbert Kite, Band Leader.

The Hamlin Chapter is expecting to have a very successful year. At present there are seventy-five paid up members. Forty-seven of these are old members and twenty-eight are to be initiated as Greenhands in the near future.

Future Homemakers Organize

Three of the Future Homemaking I Clubs have organized and elected officers for this year. The club is sponsored by Miss Camille Smyers, head of the Homemaking department, and it serves as a supplement to class work.

The following officers for the 3 clubs were elected last week:

1st period club—Keith Louise Jobe, president; Juanita Elkins, as vice-president; Wanda Williams, reporter; Billie Kathryn Lancaster, parliamentarian; Mary Dean Huling, secretary and treasurer; Grace Turner, and Bobbie Lou Kelley, pro-

gram committee.

2nd period club—Koleta Clements president; Betty Lou York, vice-president; Joan Culbertson, secretary and treasurer; Frances Gardner, parliamentarian; Hortense Phenix, reporter.

5th and 6th period club (second year)—Frances Ubben, president; Margaret Sellers, vice-president; Rosemary Bristow, secretary and treasurer; Billie Faye Rountree, reporter; Beulah Rose, parliamentarian.

The theme for the Homemaking Clubs this year is "Our Part in the

National Defense." Programs will be made up by discussions and talks including every member of the clubs on what each girl can do toward helping our nation in this crisis.

The Ink We Splatter

The old typewriter is at it again, and the ink is going to fly fast and furiously this year. It surely is going to seem funny without any gossip about Hope and Bobby every week. Seriously, though, we hated to lose Hope and hope that she keeps the sun high in Sundown.

Some of the old stand-bys from last year are Milton and Phala. Little Dan Cupid seems to have done a good job on them with his little golden arrows.

Here's news! What's all this fuss going on between Frances, Ralph, and Joe Sam? From where we stand it looks like an interesting triangle.

Betty and Lofton, or Lofton and Billie . . . is what the students are wondering. It surely is hard to make up your mind about these

blondes and brunettes—so we've heard.

Say Richard, how about that big smile you've been wearing this year? It couldn't possibly be because of a gorgeous brunette from Swedonia, could it?

Hey, we don't get it. Why would Nolan Haines want to sit on the front seat in Civics class? We wonder if he wants to learn more or if Mr. Morton wants him to learn more—or maybe it's the age-old apple polishing.

Little senior boys should be seen and never heard when the teacher is explaining a sentence—or else they will turn very, very red. If you don't believe it, just ask Milton F. and Billy D. about their English class.

Everyone is deeply concerned about that dreamy look in Zelma Green's eyes. Maybe it's a reflection of that maroon car from Kansas. Nice choice, Donald.

Mack Sellers and Earl Smith are running each other's lives. Both say that each is a bad influence on the

Again...real reasons for the Mileage to expect from

Your Mileage Merchant

"TRY MY NEW CONOCO Nth OIL
THAT WON THE CERTIFIED
DEATH-TEST IN DEATH VALLEY"

"THEY SAY you can hardly get up a sweat in Death Valley; the heat's so dry. A red-hot desert, only worse—way below sea level. Some hotspot to give you a showdown on your motor oil. And that's just where they went and tested this new Conoco Nth oil I've got here for you right now. My crankiest customers go for it, and I've got lots of new trade by telling the straight-out certified mileage record of Conoco Nth oil, which lasted any amount longer than the 5 other big brands in the Death-Test. That's lasting to the Nth degree.

"It was the same fair and square chance for all, because the cars were all the same, and first the Referee even had the new engines taken apart to make sure no oil got any edge. They were all on the same desert, hitting the same speed around a mile-a-minute. And just one single 5-quart fill of some one brand was in every crankcase—locked, so as not another drop got in. And when was the finish? Not till the one fill was so far gone the engine busted up. Imagine 6 new ones junked on purpose, BUT... this new Conoco Nth oil that people like, lasted 5,600-and-some miles longer than any other oil in the Death-Test.

That's certified. Conoco Nth outlasted one of them more than 8,200 miles!—mileage to the Nth degree.

"You want reasons for anything that important, and let me say this: any oil that you'd want for your engine today has been plenty refined to get rid of the bad things in oil. The only trouble is that this same swell refining can't help taking out some of the very best things! Out goes lots of good 'vim-and-vigor', except for Conoco being able to bring it back good and plenty with their Thialkene inhibitor that's in Conoco Nth motor oil—patented.

"And surest thing you know, this great new Nth oil is still made under the famous Conoco Germ Processed oil patent. So it will still give your engine good old OIL-PLATING, which can't all drain down from the working parts even the whole night long, and that's why OIL-PLATING is on guard against wear in advance! This same OIL-PLATING

is just one more thing that made Conoco Nth oil last more than twice as long as some of those others in Death Valley.

"Sure, you don't try Death-Tests, or any other proving-ground tortures. So you'll still insist on draining at just the right times, depending on your car and how you use it. You can ask engineers, and so forth, or come and look at my official chart of when to drain. The way Conoco Nth lasted in Death Valley, you can know that every time I check your oil-level you won't be needing another quart or two. Better OIL-PLATE now with Conoco Nth oil!"

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

H. M. Jackson

Consulting Engineer, who during Academic year is Professor of Automotive Engineering, Purdue University

1939 Marriage Announced

On December the twenty-fourth, nineteen hundred and thirty-nine, at six-thirty in the evening, Miss Joye Graham became the bride of Mr. John E. Walton. The Rev. Billberry, pastor of the First Baptist church in Jacksvoro, read the ceremony in the Baptist parsonage in that city.

Mrs. Walton is the daughter of Mr. and Mrs. W. S. Graham, of Hamlin. She is a graduate of the Hamlin High school, and for the past nine years has been with the M. T. York Stores, and has been manager of the M. T. York Store No. 1, for the past seven years.

Mr. Walton is the son of W. L. Walton of Hamlin. He has extensive farming interests near Hamlin, and has recently completed a new farm home on the Anson highway, where he and his wife are now at home.

Mrs. John E. Walton Gift Tea Honoree

Mrs. John E. Walton was honored Tuesday evening with a lovely gift tea in the home of Mrs. J. C. Greenway, with Misses Elva Greenway, Lennie Greenway, May Gay and Evalina Hunter as hostesses.

For the occasion the house was attractively decorated with multi-colored zinnias and other autumn flowers.

Miss Lennie Greenway welcomed callers and directed them to Mrs. J. C. Greenway, who presented the honoree, Mrs. Walton, and her mother, Mrs. W. S. Graham.

Miss May Gay invited guests into dining room where Mrs. Wallace Walton, Mrs. Dub Burgess presided at the silver coffee and tea services. The table was covered with a lace cloth and centered with an arrangement of pink and white asters and feverfew, flanked with pink candles in crystal holders. The pink and white color theme was further emphasized in cakes and mints. Favors were small cards picturing a bride, on which the names Joye and John were printed in silver. Misses Evalina Hunter and Geraldine Richardson assisted in serving the tea plates.

Miss Elva Greenway directed to the living room where Mrs. Thomas Ferguson received, and the many beautiful gifts were displayed.

In charge of the pretty handmade register was Mrs. Alton Stovall, and during the evening piano selections were played by Mrs. W. C. Russell.

The Herald is worth more than \$1.00 per year.

Mrs. John Ed Day Hostess to Sorority

Mrs. John Ed Day was hostess to the Beta Theta Chapter of Beta Sigma Phi in her home Tuesday evening, with all members present.

Following a short business session over which Miss Elsie Wienke presided, a cultural program was conducted by Miss Edwina Gilbert. The title of the program was "People of Note," and the subject proved to be a cleverly caricatured discussion of the persons and instruments of a symphony orchestra.

Other members present were Mrs. Holly Toler, Mrs. Gerald Morgan, Mrs. Perry Sparks, Mrs. Austin Poe, Mrs. Turner Bynum, Miss Loucille Willis and Miss Emma John Blake.

Miss Wienke and Miss Willis are attending a state meeting of Beta Sigma Phi in Austin this week end.

Plasterco 4-H Club Elected New Officers

"To make whole wheat flour at home, grind clean dry wheat very fine in a grist mill," said Miss Smith assistant county Home Dem. Agent to the Plasterco 4-H club September 22, at the Plasterco school.

Grapenuts, muffins, whole wheat crackers, cake, bread and biscuits may be made from whole wheat flour.

The following officers were elected:

President, Wanda Smith. Vice-President, Louela Griffin. Sec'y.-Treas., Dorothy Dill. Reporter, Mildred Scott. Parliamentarian, Daurice Ewing. Council Delegate, Betty Gene Hines.

Recreation Leader, Joyce Dunn. Bedroom Demonstrator, Wanda Smith.

Garden Demonstrator, Marceda Marchman.

Sponsor, Mrs. Gertrude Dill. The next meeting will be the first Friday in October.

The following members were present:

Louela Griffin, Bobbie Jean Brown, Iris Ann Christwell, Daurice Ewing, Dorothy Dill, Wanda Smith, Johnnie Faye Griffin, Bettie Gene Hines, Billie Louise Gardner, Mildred Scott, Peggy Gene Gardner, Joyce Dunn, Glenna Faye Ray and Marceda Marchman.

Hitson 4-H Club

Miss Smith, assistant County Home Demonstration Agent, was the speaker at the Hitson 4-H club meeting, Monday afternoon, Sept. 22nd. She discussed cereals and gave a recipe for making Grape-

nuts.

The following officers were elected: President, Rita Branscum; vice president, Maudene White; Sec'y.-Treas., Wanda Hill; Reporter, Mary Sue McLeMore; Parliamentarian, Joella Plemmons; Council Delegate, Polly Hill; Recreation Leaders, Myral Williams and Vern King; Bedroom Demonstrator, Mary Sue McLeMore; Garden Demonstrators, Rita Branscum and Wanda Hill; Sponsor, Mrs. Lester Hollis.

McCaulley Club Meets With Mrs. L. B. Miers

Miss Jewell Hipp, Home Demonstration Agent, met with the McCaulley club September 17th in the home of Mrs. L. B. Miers. Miss Hipp gave a demonstration on the use of fruits and vegetables in the school lunch and fritters for the school lunch. Other parts on the program was a style show with Mrs. Jackson and Mrs. Barton taking part. Mrs. Geo. Darden gave a discussion on care of hair, nails, and teeth.

Ten regular members, two new

members, Mrs. Tom Nall and Mrs. Glen Henderson, and two visitors, Mrs. Oscar Jones and Miss Hipp, were present. The next meeting will be in the home of Miss Gertrude Mason, October 8th. The meeting adjourned. The hostess served a delicious salad plate with lemonade.

—Reporter

Mrs. Frieda Schoemann
Mr. and Mrs. Kurt Schoemann

Mrs. Vernon Middleton and little son returned last week from San Antonio where Mr. Middleton is employed in an aeroplane factory. They will return to San Antonio to make their home as soon as they can secure a house or an apartment.

Fred B. Moore, Jr., went to Dallas Sunday, to take a course in an Aeronautical Defense School.

POT SHOTS FROM M'CAULLEY

BY GEO. DARDEN

The first meeting of the Men's Down Town Bible Class was held Sunday in the bank building. Sixteen men were present and a number of men informed us that they would have been there if they had known about it. Well, anyway, there's going to be a Men's Bible class in McCaulley down town and all the men seem to be very enthusiastic over this class. No lesson was taught Sunday on account of business before the class. However, Rev. Dick talked a few minutes as to the purpose of such a class. Officers were elected as follows: Geo. Darden, president; Burl Bunkley, secretary; W. F. Davison, treasurer; W. C. Jackson, song leader; Buford Jackson, pianist. Ernest Webb, H. P. Powers and Burl Bunkley were elected on a special committee to work out details and duties of officers, and other members of the class present were: J. M. Humphries, Milton Webb, Virgil Steele, E. C. Waldrop, Joe Skaggs, L. B. Miers and Ellis Eivens. We hope to double the membership next Sunday.

Ed Mason from the Panama Canal Zone is visiting his mother and sister, Mrs. Flora and Miss Gertie Mason of McCaulley. Mr. Mason plans to stay in McCaulley for about six weeks before returning to the Canal Zone to take up his duties as an employee of the United States Government.

T. P. Johnson, son of Mr. and Mrs. S. A. Johnson of Hamlin was a visitor in McCaulley last Sunday. T. P. is in the Army, stationed at a camp in California.

Mrs. George Bond of Lubbock is visiting for a few days in the home of her parents, Mr. and Mrs. C. A. Webb.

Rev. Henry Littleton, missionary of this district, preached at the Baptist church last Sunday.

Mrs. Currie, of Dallas, is visiting for a few weeks in the home of her sister, Mrs. Flora Mason.

Mrs. Ted Abbott has returned to her home in McCaulley, after a two weeks visit with her daughter Betty Jo in Abilene.

A rig is moving on the farm of Mrs. A. M. Eivens and oil operations are about to start up again in this vicinity after a rather long recess.

Lee Lewis of Abilene, brother of Mrs. N. H. Wishert, visited in the Wishert home over the week end.

Mr. and Mrs. C. F. Stovall of Jacksonville, were visitors in the home of Mr. and Mrs. Jack Johnson last week end. Mrs. Stovall is a sister of Mr. Johnson. The Stovalls were on their way to New Mexico where they will make their home.

A soldier boy who is stationed in California, a Fisher county boy, tells us that he gets the Herald every week, and that he and two or three other Fisher county boys nearly fight over who reads the Pot Shots first and it's like getting a letter from home. Well, we are glad that we have a part in making the boys happy, even though they nearly fight.

Baptizing at the Hemphill tank last Sunday at 3:00 P. M. Those that were baptized were: Bryan Hennington and Seral Allen Griffith. Sunday night Bro. Dick preached on baptism to a large crowd.

The Sheriff's department of Roby made a raid on cotton pickers at a negro cafe Saturday night on the outskirts of McCaulley and we understand that six of the colored

boys were taken to the capital and locked up for shooting craps, and on Sunday some of the farmers were trying to get enough cash to pay out some badly needed boll pullers. It might be well for officers of McCaulley to make a few raids around the capital.

Mrs. Ann Glover left Friday after a week's visit with her daughter, Mrs. H. P. Powers. Mrs. Glover lives at Colorado City.

We are very sorry to learn of the death of Mrs. B. F. Short's mother, who passed away at her home at De Leon last week.

O-O-O-O

Cattle rustling has become such a menace in Fisher county and other nearby counties that good, honest plain folks are getting good and tired of this do nothing attitude which some of our officers take. If as much time was spent tracking down cattle thieves, as there is on raiding negro cotton pickers in a two-bit crap game, we would soon have a lot of cattle rustlers behind the bars. We do not uphold the breaking of the law in any form, but we are of the opinion that too much time is spent on petty stuff when the officers could be spending their time investigating and tracking down thieves who prey on honest folks while they sleep. When misdemeanor cases occur, such as should come before Justice court in the precinct where offenses were committed, some officers with no respect for fellow officers, make raids, kick and curse a poor ragged negro all because he can get away with it, take them out of the precinct and collect fines and the poor J. P. and Constable who are due a fee, get it in the neck. Well, anyway, we learn a lot about people and how grateful they are for support given some of them in former elections, but we have one consolation; it won't be long until another election rolls around.

A DARDEN-O-GRAM.

Now

FRESH FRUITS AND VEGETABLES BY THE POUND!

Select a dozen big apples out of the crate... or a dozen little ones that you like to serve, baked, around a pork roast... but don't pay the same for them just because they came out of the same crate! The price charged is fair only when it is figured by the weight of the apples, not the dozen. That is the reason that Safeway has

stopped counting and begun weighing all lettuce, cauliflower, celery, oranges, lemons, grapefruit, artichokes, avocados and apples, just as we weigh tomatoes, cucumbers, beans, peas, potatoes. This way you pay only for what you get. This way you do not feel obliged to buy the big apples when you want the little ones, to get your money's worth.

This means, too, that you are going to get still better fruits and vegetables at Safeway from now on... without those blemishes and bruises caused by customers' handling and pinching. No longer need you hesitate over the possible difference in value between two heads of lettuce. If one is worth less, you'll pay less for it.

But...*

One may weigh as much as 40% more than the other. Don't pay the same!

Questions and Answers
About Buying Fruits and Vegetables by the Pound

- Q. For years I have been buying fruits and vegetables by the dozen or each. I don't know what they weigh. How can I calculate my needs by the pound?
- A. Make your selections by count, and then we will help you figure the price of your selection by the weight. You'll soon get the habit.
- Q. If this plan is so good, why have merchants been selling by the count so long?
- A. Selling by piece is merely an old trade custom. In many localities apples, cauliflower, etc., have been sold by weight for years. Safeway is convinced that prices fixed by weight are fairest.
- Q. You say that by buying by weight Safeway can make savings that will be passed on to the customers. How is that?
- A. Well, take oranges, for instance. When growers must grade oranges for size they charge us more than the price they ask when we buy the oranges as they come from the trees, regardless of size... only checked for quality, of course. It would be hard for us to quote a fair price on these big-and-little oranges by the dozen, but with a price by the pound you can select either the big or the little ones. And in the end you will pay less, just as we have paid less.
